

Coach Sunny

Your personal sport weather coach

A wedding gift from Francien ❤️

What is Coach Sunny?

Every morning at 07:30, Coach Sunny sends each of you a personal Telegram message about the weather for the day ahead — and whether it's a good day for running, cycling, or swimming.

The messages are different for each of you. Sunny knows your favourite sports, checks three weather sources, and keeps it real — no fluff.

What you'll see each morning

1. A weather summary: temperature, wind, rain chance
2. Sport ratings: ■ Great ■ OK ■■ Caution ■ Avoid
3. The best time window to go out for each sport
4. A personal message from Sunny — just for you

Tap the sport buttons under the message for detailed hourly breakdowns: temperature, wind, UV, rain chance per hour.

Telegram Commands

<code>/start</code>	Set up the bot and tell it who you are
